### **Importance of Computer Literacy in a Job Hunt**

It is in your best interests to start off computer literate. It will help you get a job and it will help you advance in your career. Computer literacy does not mean you need to know how to use every single piece of software you may encounter. It does not mean you need to know how to write programs or network computers. You just need to know the basics like how to save and open a file, how to use a word processing program, and how to send and receive email.
