For day trading futures, around the open is a great time to day trade. Active futures see some trading activity around the clock, so good day trading opportunities typically start a bit earlier than in the stock market. If day trading futures focus on trading between 8:30 am, and 11 am EST.

Futures markets have official closes at different times, but the last hour of trading in a futures

[Day trading - Wikipedia](#)

Day trading is speculation in securities, specifically buying and selling financial instruments within the same trading day. Strictly, day trading is trading only within a day, such that all positions are closed before the market closes for the trading day. Many traders may not be so strict or may have day trading as one component of an overall strategy.
